Up right: 2008, 2009, 2010 and 2011 overall winner: Jean-Marie Poncey (FRA)

Right: 2010 ladies winner: Kim Rowswell (GBR)

EUROPEAN CHALLENGE AND GRAND PRIX WINNERS

Only two years after the first European Championships, the *European Challenge Series* was created. Initially planned to give skiers the opportunity to meet themselves more often than during World and European Championships only, it was also the possibility for countries to organise international events.

From 1978 to 1990, this "tour" was called *European Cup* and *European Challenge Series*, with a calculation system very close to the formula 1 racing championships, where top skiers in each event received 20, 17, 14, 12 points... At the end of the *Challenge Finals*, the points were added to crown the winners in men and women divisions.

From 1991 to 1998, the words *Grand Prix* were used. Each competition was autonomous and the name of the hosting country or club was added to *Grand Prix* in order to have a greater prestige. The way of doing the calculation has also changed, with an overall calculation based on all added points for each event.

Since 1999, there was a radical change with the introduction of the Meridian League, with a team results and divisions for men and women.

year	Challenge venues		men's division		women's division
